SUBJECT INDEX*

A

Abdominal aortic aneurysm; *see* **Aortic aneurysm**
Abdominal neoplasms
Surgical approaches and techniques in intraoperative radiotherapy for intra-abdominal, retroperitoneal, and pelvic neoplasms (Sindelar et al). 1988;103:247-56 (Surg. tech.)
Surgical therapy of localized abdominal non-Hodgkin's lymphoma (Mentzer et al). 1988;103:609-14
Absorption, intestinal; *see* **Intestinal absorption**
Acetone bodies; *see* **Ketone bodies**
Adenocarcinoma
Adenocarcinoma in a choledochal cyst during pregnancy: a case report and guidelines for management (Binstock et al). 1988; 103:588-92
Adenosine
Adenosine stimulates glucose uptake in the isolated rat heart (Mainwaring et al). 1988;103:445-9
Adrenal gland diseases
Early diagnosis of and surgical strategy for adrenal medullary disease in MEN II gene carriers (Jansson et al). 1988;103: 11-8
Adrenal gland neoplasms
Myelolipoma and endocrine dysfunction (Oliva et al). 1988; 103:711-5 (Brief clin. rep.)
Adrenal medulla
Early diagnosis of and surgical strategy for adrenal medullary disease in MEN II gene carriers (Jansson et al). 1988;103: 11-8
Adrenergic alpha receptor blockaders
Metabolic intervention in surgical patients: the effect of α- or β-blockade on glucose and protein metabolism in surgical patients receiving total parenteral nutrition (Shaw et al). 1988;103:520-5
Adrenergic beta receptor blockaders; *see* **Adrenergic alpha receptor blockaders**
Adult respiratory distress syndrome; *see* **Respiratory distress syndrome, adult**
Aerospace medicine
Surgery in space. Phase I: basic surgical principles in a simulated space environment (Satava). 1988;103:633-7
Alpha-adrenergic blockers; *see* **Adrenergic alpha receptor blockaders**
Aminoglycosides
Gentamicin dosing requirements in patients with acute pancreatitis (Carr et al). 1988;103:533-7
Amputation
Sequelae of limited amputation (Light et al). 1988;103:294-9
Anastomosis, surgical
Biofragmentable bowel anastomosis ring: comparative efficacy studies in dogs (Maney et al). 1988;103:56-62
Leaks occurring after gastric bariatric operations (Buckwalter and Herbst). 1988;103:156-60
Anemia
Limits of cardiac compensation in anemic baboons (Wilkerson et al). 1988;103:665-70
Anesthesia, conduction
Thyroid and parathyroid surgery performed with patient under regional anesthesia (Saxe et al). 1988;103:415-20
Anesthesia, regional; *see* **Anesthesia, conduction**
Aneurysm
Lumbar artery aneurysm with acute aortic occlusion resulting from chiropractic manipulation: a case report (Kornberg). 1988;103:122-4 (Brief clin. rep.)
Aneurysm, arteriovenous; *see* **Arteriovenous fistula**
Angioplasty, transposition
Transposition angioplasty: a technique for the correction of proximal anastomotic neointimal hyperplasia in femoral distal bypasses (Andros et al). 1988;103:698-700 (Surg. tech.)
Animals, laboratory; *see also* **Disease models, animal**
Adenosine stimulates glucose uptake in the isolated rat heart (Mainwaring et al). 1988;103:445-9
An automatic autotransfusion system with a centrifugal pump: a hematologic evaluation in dogs (ten Duis et al). 1988;103: 74-8
Biofragmentable bowel anastomosis ring: comparative efficacy studies in dogs (Maney et al). 1988;103:56-62
Calorie-nitrogen interactions in the parenterally fed primate (Dempsey et al). 1988;103:94-8
The effect of chronic acidification of the canine duodenum on gastrin release from the antrum transplanted into the colon (Parekh et al). 1988;103:597-602
The effect of truncal vagotomy on the response of the canine lower esophageal sphincter to varying doses of pancreatic polypeptide (Coltharp et al). 1988;103:620-3
Effects of SMS 201-995, a somatostatin analogue, on the exocrine pancreatic secretion and gut hormone release in dogs (Misumi et al). 1988;103:450-5
Experience with fully bioresorbable aortic grafts in the dog (Galletti et al). 1988;103:231-41
Fluorescence assessment of skin perfusion after oral fluorescein (Silverman et al). 1988;103:221-5
The prostaglandin response to cholesterol feeding by the rabbit gallbladder in vitro (England et al). 1988;103:69-73
Seeding of ePTFE carotid interposition grafts in sheep and dogs: species-dependent results (Ortenwall et al). 1988;103:199-205
Smooth muscle cell seeding in biodegradable grafts in rats: a new method to enhance the process of arterial wall regeneration (Yue et al). 1988;103:206-12
Antrum, pyloric; *see* **Pyloric antrum, transplantation**
Aorta, surgery
Aortoiliac reconstruction in obese patients (Friedman et al). 1988;103:311-4
Experience with fully bioresorbable aortic grafts in the dog (Galletti et al). 1988;103:231-41
Incidence of ureteral obstruction after aortic grafting: a prospective analysis (Egeblad et al). 1988;103:411-4
Aortic aneurysm
Computed tomography in the evaluation of the patient with symptomatic abdominal aortic aneurysm (Zarnke et al). 1988;103:638-42
Aortic graft; *see* **Blood vessel prosthesis**
Aortocolic fistula
Aortocolic fistula caused by an ingested chicken bone (Caes et al). 1988;103:481-3 (Brief clin. rep.)
Arterial occlusive diseases
Aortoiliac reconstruction in obese patients (Friedman et al). 1988;103:311-4
Pancreatoduodenectomy for periampullary cancer associated with celiac occlusion: a case report (Miyata et al). 1988;103:261-3 (Brief clin. rep.)
Arteries, physiopathology
Intimal hyperplasia and thrombosis of the visceral arteries in a young woman: possible relation with oral contraceptives and smoking (Lamy et al). 1988;103:706-10 (Brief clin. rep.)
Arteries, surgery
Transcutaneous oxygen measurements in lower extremity ischemia: effects of position, oxygen inhalation, and arterial reconstruction (Moosa et al). 1988;103:193-8
Arteriovenous fistula
Skin-flap coverage of polytetrafluoroethylene vascular access graft exposed by previous infection (Tellis et al). 1988;103:118-21 (Surg. tech.)

*January, pp. 1-134; February, pp. 135-270; March, pp. 271-388; April, pp. 389-498; May, pp. 499-608; June, pp. 609-717.

Aseptic necrosis, bone; *see* **Osteonecrosis**
Aspiration
Diagnosis and treatment of cystic disease of the thyroid by aspiration (Sarda et al). 1988;103:593-6
Aspiration cytology; *see* **Biopsy, needle**
Autotransfusion; *see* **Blood transfusion**

B

B lymphocytes
Spontaneous and polyclonal Ig secretion by circulating B cells after surgery (Di Padova et al). 1988;103:547-52
Backache
Lumbar artery aneurysm with acute aortic occlusion resulting from chiropractic manipulation: a case report (Kornberg). 1988;103:122-4 (Brief clin. rep.)
Bacterial infections
Effect of *Streptococcus faecalis* on the growth of *Bacteroides* species and anaerobic cocci in mixed infection (Brook). 1988;103:107-10
In situ bacteriologic diagnosis of total parenteral nutrition catheter infection (Vanhuynegem et al). 1988;103:174-7
Management of the surgically traumatized, irradiated, and infected pelvis (Edington et al). 1988;103:690-7 (Surg. tech.)
Mycoplasma hominis surgical wound infection: a case report and discussion (Wilson and Dietze). 1988;103:257-60 (Brief clin. rep.)
The occurrence of cholangitis after percutaneous biliary drainage: evaluation of some risk factors (Audisio et al). 1988;103:507-12
Preoperative lymphocyte subsets and infectious complications after colorectal cancer surgery (Tartter). 1988;103:226-30
Prosthetic reconstruction in the treatment of prosthetic graft infections (Olofsson and Stoney). 1988;103:716 (Editorial)
Reactive hyperemia in patients with septic conditions (Hartl et al). 1988;103:440-4
Skin-flap coverage of polytetrafluoroethylene vascular access graft exposed by previous infection (Tellis et al). 1988;103:118-21 (Surg. tech.)
Bacteriology
In situ bacteriologic diagnosis of total parenteral nutrition catheter infection (Vanhuynegem et al). 1988;103:174-7
Bacteroides
Effect of *Streptococcus faecalis* on the growth of *Bacteroides* species and anaerobic cocci in mixed infection (Brook). 1988;103:107-10
BAR; *see* **Biofragmentable bowel anastomosis ring**
Beta-adrenergic blockers; *see* **Adrenergic alpha receptor blockaders**
Bile duct diseases; *see also* **Bile duct neoplasms**; **Bile ducts, abnormalities**
Adenocarcinoma in a choledochal cyst during pregnancy: a case report and guidelines for management (Binstock et al). 1988;103:588-92
Bile duct neoplasms
Adenocarcinoma in a choledochal cyst during pregnancy: a case report and guidelines for management (Binstock et al). 1988;103:588-92
Biliary granular cell tumor: a little-known curable bile duct neoplasm of young people (Butterly et al). 1988;103:328-34
Pancreatoduodenectomy for periampullary cancer associated with celiac occlusion: a case report (Miyata et al). 1988;103:261-3 (Brief clin. rep.)
The role of U tube palliative treatment in high bile duct carcinoma (Terblanche et al). 1988;103:624-32
Bile ducts, abnormalities
Anomalies of extrahepatic biliary duct and gallbladder associated with intestinal malrotation: a case report (Korn et al). 1988;103:496-8 (Brief clin. rep.)
Histopathologic studies of congenital dilatation of the bile duct as related to an anomalous junction of the pancreaticobiliary ductal system: clinical and experimental studies (Oguchi et al). 1988;103:168-73
Biliary calculi; *see* **Cholelithiasis**
Biliary fistula
Biliioportal fistula as a complication of choledochoduodenostomy (Lugagne et al). 1988;103:125-9 (Brief clin. rep.)
Biliary tract
Anomalies of extrahepatic biliary duct and gallbladder associated with intestinal malrotation: a case report (Korn et al). 1988;103:496-8 (Brief clin. rep.)
Biliary granular cell tumor: a little-known curable bile duct neoplasm of young people (Butterly et al). 1988;103:328-34
Choledochoduodenostomy for benign and malignant biliary tract diseases (Birkenfeld et al). 1988;103:408-10
The occurrence of cholangitis after percutaneous biliary drainage: evaluation of some risk factors (Audisio et al). 1988;103:507-12
Billroth II gastric resection
Cholelithiasis after Billroth II gastric resection (Lorusso et al). 1988;103:579-83
Biofragmentable bowel anastomosis ring
Biofragmentable bowel anastomosis ring: comparative efficacy studies in dogs (Maney et al). 1988;103:56-62
Biopsy, needle
Fine-needle aspiration cytology in the diagnosis of primary breast cancer (Smith et al). 1988;103:178-83
Blood-brain barrier
Head injury and hemorrhagic shock: studies of the blood brain barrier and intracranial pressure after resuscitation with normal saline solution, 3% saline solution, and dextran-40 (Gunnar et al). 1988;103:398-407
Blood gas monitoring, transcutaneous
Transcutaneous oxygen measurements in lower extremity ischemia: effects of position, oxygen inhalation, and arterial reconstruction (Moosa et al). 1988;103:193-8
Blood glucose
Adenosine stimulates glucose uptake in the isolated rat heart (Mainwaring et al). 1988;103:445-9
Blood transfusion
An automatic autotransfusion system with a centrifugal pump: a hematologic evaluation in dogs (ten Duis et al). 1988;103:74-8
Limits of cardiac compensation in anemic baboons (Wilkerson et al). 1988;103:665-70
Blood vessel prosthesis
Durability of confluent endothelial cell monolayers on small-caliber vascular prosthesis in vitro (Schneider et al). 1988;103:456-62
Experience with fully bioresorbable aortic grafts in the dog (Galletti et al). 1988;103:231-41
Incidence of ureteral obstruction after aortic grafting: a prospective analysis (Egeblad et al). 1988;103:411-4
Prosthetic reconstruction in the treatment of prosthetic graft infections (Olofsson and Stoney). 1988;103:716 (Editorial)
Seeding of ePTFE carotid interposition grafts in sheep and dogs: species-dependent results (Ortenwall et al). 1988;103:199-205
Smooth muscle cell seeding in biodegradable grafts in rats: a new method to enhance the process of arterial wall regeneration (Yue et al). 1988;103:206-12
Body composition
Total parenteral nutrition as an adjuvant to patients undergoing chemotherapy for testicular carcinoma: protection of body composition—a randomized, prospective study (Drott et al). 1988;103:499-506
Bone necrosis; *see* **Osteonecrosis**
Book review
Review of *A Century of Black Surgeons* (Hanlon). 1988;103:604
Breast neoplasms
Fine-needle aspiration cytology in the diagnosis of primary breast cancer (Smith et al). 1988;103:178-83
Mondor's disease associated with breast cancer (Chiedozi and Aghahowa). 1988;103:438-9
Brief clinical reports
Brief clinical reports. 1988;103:122-9; 257-67; 376-85; 481-98; 605-7; 701-15
Bupivacaine
Epidural bupivacaine and morphine plus systemic indomethacin eliminates pain but not systemic response and convalescence after cholecystectomy (Schulze et al). 1988;103:321-7
Burns
Biologic attachment, growth, and differentiation of cultured human epidermal keratinocytes on a graftable collagen and chondroitin-6-sulfate substrate (Boyce and Hansbrough). 1988;103:421-31

C

Caloric intake
Calorie-nitrogen interactions in the parenterally fed primate (Dempsey et al). 1988;103:94-8
Cardiac resuscitation; *see* **Resuscitation**
Cardiac transplantation; *see* **Heart, transplantation**
Carotid artery diseases
The effect of contralateral disease on carotid Doppler frequency (Hayes et al). 1988;103:19-23
Operative and long-term results of staged contralateral carotid endarterectomy: a personal series (Morrow et al). 1988; 103:242-6
Carotid endarterectomy; *see* **Endarterectomy**
Castration, male; *see* **Orchiectomy**
CAT scan; *see* **Tomography, computed**
Catheterization, central venous
In situ bacteriologic diagnosis of total parenteral nutrition catheter infection (Vanhuynegem et al). 1988;103:174-7
Cefoxitin
Penetration of clindamycin, cefoxitin, and piperacillin into pancreatic juice in man (Brattström et al). 1988;103:563-7
Celiac artery, abnormalities
Pancreatoduodenectomy for periampullary cancer associated with celiac occlusion: a case report (Miyata et al). 1988;103:261-3 (Brief clin. rep.)
Cell seeding
Seeding of ePTFE carotid interposition grafts in sheep and dogs: species-dependent results (Ortenwall et al). 1988;103:199-205
Smooth muscle cell seeding in biodegradable grafts in rats: a new method to enhance the process of arterial wall regeneration (Yue et al). 1988;103:206-12
Cell-mediated cytotoxicity; *see* **Cytotoxicity, immunologic**
Cellulitis, pelvic; *see* **Parametritis**
Central venous catheterization; *see* **Catheterization, central venous**
Chemotherapy; *see* **Drug therapy**
Cholangitis
The occurrence of cholangitis after percutaneous biliary drainage: evaluation of some risk factors (Audisio et al). 1988;103: 507-12
Cholecystectomy
Epidural bupivacaine and morphine plus systemic indomethacin eliminates pain but not systemic response and convalescence after cholecystectomy (Schulze et al). 1988;103:321-7
Cholecystokinin
Effects of SMS 201-995, a somatostatin analogue, on the exocrine pancreatic secretion and gut hormone release in dogs (Misumi et al). 1988;103:450-5
Choledochal cyst; *see* **Bile duct diseases**
Choledochoduodenostomy; *see* **Choledochostomy**
Choledochostomy
Bilioportal fistula as a complication of choledochoduodenostomy (Lugagne et al). 1988;103:125-9 (Brief clin. rep.)
Choledochoduodenostomy for benign and malignant biliary tract diseases (Birkenfeld et al). 1988;103:408-10
Cholelithiasis
Cholelithiasis after Billroth II gastric resection (Lorusso et al). 1988;103:579-83
Cholestasis
A randomized trial on the effect of mannitol on postoperative renal function in patients with obstructive jaundice (Gubern et al). 1988;103:39-44
Cholesterol, dietary
The prostaglandin response to cholesterol feeding by the rabbit gallbladder in vitro (England et al). 1988;103:69-73
Chondroitin
Biologic attachment, growth, and differentiation of cultured human epidermal keratinocytes on a graftable collagen and chondroitin-6-sulfate substrate (Boyce and Hansbrough). 1988;103:421-31
Cimetidine
Histamine type-2 receptor antagonist immune modulation. I. Increased cell-mediated cytotoxicity in normal and in down-regulated systems (Gifford et al). 1988;103:184-92
Clindamycin
Penetration of clindamycin, cefoxitin, and piperacillin into pancreatic juice in man (Brattström et al). 1988;103:563-7
Clinical review
Clinical review. 1988;103:1-10; 135-47; 389-97
Colonic neoplasms
Preoperative lymphocyte subsets and infectious complications after colorectal cancer surgery (Tartter). 1988;103:226-30
Resection of the liver for colorectal carcinoma metastases: a multi-institutional study of indications for resection (Registry of Hepatic Metastases). 1988;103:278-88
Computed tomography; *see* **Tomography, computed**
Conjoined twins; *see* **Twins, conjoined**
Connective tissue neoplasms; *see* **Neoplasms, connective tissue**
Contraceptives, oral
Intimal hyperplasia and thrombosis of the visceral arteries in a young woman: possible relation with oral contraceptives and smoking (Lamy et al). 1988;103:706-10 (Brief clin. rep.)
Contralateral carotid endarterectomy; *see* **Endarterectomy**
Convalescence
Epidural bupivacaine and morphine plus systemic indomethacin eliminates pain but not systemic response and convalescence after cholecystectomy (Schulze et al). 1988;103:321-7
Coronary disease
Assessment by dipyridamole-thallium-201 myocardial scintigraphy of coronary risk before peripheral vascular surgery (Sachs et al). 1988;103:584-7
Nitroglycerine-induced volume loading (Bunt et al). 1988; 103:513-9
Corrections
Exenterative surgery for locally advanced rectosigmoid cancers. Is it worthwhile? (Lopez et al). (1987;102:644-51). 1988; 103:388
The treatment of perforated diverticulitis by one-stage intracolonic bypass procedure (Ravo et al). (1987;102:771-6). 1988; 103:388
Costs and cost analysis
Age, resource consumption, and outcome for surgical patients at an academic medical center (Muñoz et al). 1988;103:335-43
Coumarins
Coumarin: friend and foe (Greenfield). 1988;103:386-7 (Editorial)
Coumarin necrosis—a review of the literature (Cole et al). 1988;103:271-7
Crohn disease
Preoperative total parenteral nutrition (TPN) in severe Crohn's disease (Gouma et al). 1988;103:648-52
Cryptorchism
Morphologic effects of orchiopexy or orchiectomy on the contralateral testis in experimental unilateral cryptorchidism (Salman et al). 1988;103:573-8
Cyclosporins
Complications in cardiac transplant patients requiring general surgery (Colon et al). 1988;103:32-8
Cytokeratin; *see* **Keratin**
Cytotoxicity, immunologic
Histamine type-2 receptor antagonist immune modulation. I. Increased cell-mediated cytotoxicity in normal and in down-regulated systems (Gifford et al). 1988;103:184-92

D

Delayed-type hypersensitivity; *see* **Hypersensitivity, delayed**
Dextrans
Comparison of peripheral and central infusions of 7.5% NaCl/6% dextran 70 (Hands et al). 1988;103:684-9
Head injury and hemorrhagic shock: studies of the blood brain barrier and intracranial pressure after resuscitation with normal saline solution, 3% saline solution, and dextran-40 (Gunnar et al). 1988;103:398-407
Diagnostic related groups
Age, resource consumption, and outcome for surgical patients at an academic medical center (Muñoz et al). 1988;103:335-43
Dietary cholesterol; *see* **Cholesterol, dietary**
Digestive system diseases
Anomalies of extrahepatic biliary duct and gallbladder associated with intestinal malrotation: a case report (Korn et al). 1988;103:496-8 (Brief clin. rep.)
Dipyridamole
Assessment by dipyridamole-thallium-201 myocardial scintigraphy of coronary risk before peripheral vascular surgery (Sachs et al). 1988;103:584-7

Disease models, animal; *see also* **Animals, laboratory**
Hemodynamic and pathologic effects of prostacyclin on oleic acid-induced pulmonary injury (Devitt et al). 1988;103:213-20
Limits of cardiac compensation in anemic baboons (Wilkerson et al). 1988;103:665-70
The role of leucine in hepatic ketogenesis (Kulaylat et al). 1988;103:351-60
DLW; *see* **Doubly labeled water method**
Doppler ultrasound; *see* **Ultrasonic diagnosis; Ultrasonics**
Doppler velocimeters; *see* **Flowmeters**
Dorsey, John Syng
John Syng Dorsey (1783-1818) (Rutkow). 1988;103:45-55
Doubly labeled water method
The energy costs of surgery as measured by the doubly labeled water ($^2H_2{}^{18}O$) method (Novick et al). 1988;103:99-106
Drug therapy
Total parenteral nutrition as an adjuvant to patients undergoing chemotherapy for testicular carcinoma: protection of body composition—a randomized, prospective study (Drott et al). 1988;103:499-506
Duodenogastric reflux
Promotion of gastric tumorigenesis by duodenal contents in rats induced with *N*-methyl-*N*[pr]-nitro-*N*-nitrosoguanidine (MNNG) (Lehnert et al). 1988;103:643-7
Duodenum
The effect of chronic acidification of the canine duodenum on gastrin release from the antrum transplanted into the colon (Parekh et al). 1988;103:597-602
Gastroduodenal mucosal defense: factors responsible for the ability of the stomach and duodenum to resist injury (Miller). 1988;103:389-97 (Clin. rev.)

E

Edema
Congenital venous valvular aplasia of the lower extremities (Friedman et al). 1988;103:24-6
Editorials
Editorials. 1988;103:386-7; 603; 716
Education, medical, graduate
Improved prediction of success in surgical clerkship through measures of information processing (Reznick et al). 1988;103:671-5
Elastofibroma
Bilateral elastofibroma dorsi (Bennett et al). 1988;103:605-7 (Brief clin. rep.)
Endarterectomy
Operative and long-term results of staged contralateral carotid endarterectomy: a personal series (Morrow et al). 1988;103:242-6
Endocrine glands, physiopathology
Myelolipoma and endocrine dysfunction (Oliva et al). 1988;103:711-5 (Brief clin. rep.)
Endoscopy
Impact of endoscopic ultrasonography on diagnosis and treatment of primary gastric lymphoma (Caletti et al). 1988;103:315-20
Upper gastrointestinal endoscopy after cardiac transplantation (Johnson et al). 1988;103:300-4
Endothelium, vascular
Durability of confluent endothelial cell monolayers on small-caliber vascular prosthesis in vitro (Schneider et al). 1988;103:456-62
Energy metabolism
The energy costs of surgery as measured by the doubly labeled water ($^2H_2{}^{18}O$) method (Novick et al). 1988;103:99-106
Enteritis, regional; *see* **Crohn disease**
Epidermis, cytology
Biologic attachment, growth, and differentiation of cultured human epidermal keratinocytes on a graftable collagen and chondroitin-6-sulfate substrate (Boyce and Hansbrough). 1988;103:421-31
Esophageal neoplasms
Assessment of resectability of esophageal cancer by computed tomography and magnetic resonance imaging (Lehr et al). 1988;103:344-50
Esophageal sphincter; *see* **Esophagogastric junction**
Esophagogastric junction
The effect of truncal vagotomy on the response of the canine lower esophageal sphincter to varying doses of pancreatic polypeptide (Coltharp et al). 1988;103:620-3
Ethiblock; *see* **Prolamine**
Extremities
Sequelae of limited amputation (Light et al). 1988;103:294-9
Transcutaneous oxygen measurements in lower extremity ischemia: effects of position, oxygen inhalation, and arterial reconstruction (Moosa et al). 1988;103:193-8
Extremity, lower; *see* **Leg, physiopathology**

F

Fasting
Site of action of morphine sulfate and motilin in the induction of "premature" Phase III-like activity in the canine gastrointestinal tract (Sarr and Duenes). 1988;103:653-61
Fats
Glucose, fat, and protein kinetics in patients with primary and secondary hyperparathyroidism (Shaw et al). 1988;103:526-32
Femoral artery, surgery
Late results after femoral artery embolectomy (Johnson et al). 1988;103:289-93
Femoral hernia; *see* **Hernia, femoral**
Filtration
Interruption of the vena cava by means of the Greenfield filter: expanding the indications (Golueke et al). 1988;103:111-7
Fine-needle aspiration cytology; *see* **Biopsy, needle**
Fistula
Bilioportal fistula as a complication of choledochoduodenostomy (Lugagne et al). 1988;103:125-9 (Brief clin. rep.)
Flaps; *see* **Surgical flaps**
Flowmeters
Transcutaneous oxygen measurements in lower extremity ischemia: effects of position, oxygen inhalation, and arterial reconstruction (Moosa et al). 1988;103:193-8
Fluoresceins
Fluorescence assessment of skin perfusion after oral fluorescein (Silverman et al). 1988;103:221-5
Food deprivation
The influence of long-term protein deprivation on in vivo phagocytic cell delivery to inflammatory lesions (Tchervenkov et al). 1988;103:463-9
Foreign bodies
Aortocolic fistula caused by an ingested chicken bone (Caes et al). 1988;103:481-3 (Brief clin. rep.)
Wandering intravascular missiles: report of five cases from the Lebanon war (Abdo et al). 1988;103:376-80 (Brief clin. rep.)

G

Gallbladder
Anomalies of extrahepatic biliary duct and gallbladder associated with intestinal malrotation: a case report (Korn et al). 1988;103:496-8 (Brief clin. rep.)
Cholelithiasis after Billroth II gastric resection (Lorusso et al). 1988;103:579-83
The prostaglandin response to cholesterol feeding by the rabbit gallbladder in vitro (England et al). 1988;103:69-73
Gallstones; *see* **Cholelithiasis**
Gastrectomy
Cholelithiasis after Billroth II gastric resection (Lorusso et al). 1988;103:579-83
Gastric acid
Physiology and pathophysiology of gastrin: a review (Mulholland and Debas). 1988;103:135-47 (Clin. rev.)
Gastric antrum; *see* **Pyloric antrum**
Gastric lymphoma; *see* **Stomach neoplasms**
Gastric mucosa
Gastroduodenal mucosal defense: factors responsible for the ability of the stomach and duodenum to resist injury (Miller). 1988;103:389-97 (Clin. rev.)

Gastrins
The effect of chronic acidification of the canine duodenum on gastrin release from the antrum transplanted into the colon (Parekh et al). 1988;103:597-602
Physiology and pathophysiology of gastrin: a review (Mulholland and Debas). 1988;103:135-47 (Clin. rev.)
Gastrointestinal endoscopy; *see* **Gastroscopy**
Gastrointestinal motility
Site of action of morphine sulfate and motilin in the induction of "premature" Phase III-like activity in the canine gastrointestinal tract (Sarr and Duenes). 1988;103:653-61
Gastrointestinal neoplasms
Gastrointestinal neurofibroma in a patient with von Recklinghausen's disease (Cosgrove and Fischer). 1988;103:701-3 (Brief clin. rep.)
Promotion of gastric tumorigenesis by duodenal contents in rats induced with *N*-methyl-*N*[pr]-nitro-*N*-nitrosoguanidine (MNNG) (Lehnert et al). 1988;103:643-7
Gastroscopy
Upper gastrointestinal endoscopy after cardiac transplantation (Johnson et al). 1988;103:300-4
Gentamicins
Gentamicin dosing requirements in patients with acute pancreatitis (Carr et al). 1988;103:533-7
Glucose
Adenosine stimulates glucose uptake in the isolated rat heart (Mainwaring et al). 1988;103:445-9
Glucose, fat, and protein kinetics in patients with primary and secondary hyperparathyroidism (Shaw et al). 1988;103:526-32
Metabolic intervention in surgical patients: the effect of α- or β-blockade on glucose and protein metabolism in surgical patients receiving total parenteral nutrition (Shaw et al). 1988;103:520-5
Whole-body protein kinetics in patients with early and advanced gastrointestinal cancer: the response to glucose infusion and total parenteral nutrition (Shaw and Wolfe). 1988;103:148-55
Glyceryl trinitrate
Nitroglycerine-induced volume loading (Bunt et al). 1988;103:513-9
Goiter
Goiter with severe respiratory compromise: evaluation and treatment (Mellière et al). 1988;103:367-73
Pathogenesis of nodular goiter and its implications for surgical management (Teuscher et al). 1988;103:87-93
Greenfield filter
Interruption of the vena cava by means of the Greenfield filter: expanding the indications (Golueke et al). 1988;103:111-7
Structural failure of a Greenfield filter (Plaus and Hermann). 1988;103:662-4

H

Head injuries
Head injury and hemorrhagic shock: studies of the blood brain barrier and intracranial pressure after resuscitation with normal saline solution, 3% saline solution, and dextran-40 (Gunnar et al). 1988;103:398-407
Health resources
Age, resource consumption, and outcome for surgical patients at an academic medical center (Muñoz et al). 1988;103:335-43
Heart, transplantation
Complications in cardiac transplant patients requiring general surgery (Colon et al). 1988;103:32-8
Special operative events in the first case of liver grafting after heart transplantation (Mora et al). 1988;103:264-7 (Brief clin. rep.)
Upper gastrointestinal endoscopy after cardiac transplantation (Johnson et al). 1988;103:300-4
Hematocolpos
Hematometra-hematocolpos: a late complication of successful separation of conjoined twins (Beller et al). 1988;103:704-5 (Brief clin. rep.)
Hemato-encephalic barrier; *see* **Blood-brain barrier**
Hematometra
Hematometra-hematocolpos: a late complication of successful separation of conjoined twins (Beller et al). 1988;103:704-5 (Brief clin. rep.)
Hemodilution
Limits of cardiac compensation in anemic baboons (Wilkerson et al). 1988;103:665-70
Hemodynamics
Hemodynamic function in acute pancreatitis (Horton and Burnweit). 1988;103:538-46
Hemodynamic and pathologic effects of prostacyclin on oleic acid-induced pulmonary injury (Devitt et al). 1988;103:213-20
Hemorrhage
Ten years of selective shunts for hemorrhagic portal hypertension (Orozco et al). 1988;103:27-31
Hemorrhagic shock; *see* **Shock, hemorrhagic**
Hemorrhoids, surgery
Pelvic cellulitis: a life-threatening complication of hemorrhoidal banding (Scarpa et al). 1988;103:383-5 (Brief clin. rep.)
Hepatectomy
Orthotopic liver transplantation for massive hepatic lymphangiomatosis (Miller et al). 1988;103:490-5 (Brief clin. rep.)
Hepatic lymphangiomatosis; *see* **Lymphangiomatosis**
Hernia, femoral
Cooper's ligament repair: a 25-year experience with a single technique for all groin hernias in adults (Rutledge). 1988;103:1-10 (Clin. rev.)
Hernia, inguinal
Cooper's ligament repair: a 25-year experience with a single technique for all groin hernias in adults (Rutledge). 1988;103:1-10 (Clin. rev.)
Histamine antagonists
Histamine type-2 receptor antagonist immune modulation. I. Increased cell-mediated cytotoxicity in normal and in down-regulated systems (Gifford et al). 1988;103:184-92
Homograft, isogeneic; *see* **Transplantation, isogeneic**
Hydrochloric acid, gastric; *see* **Gastric acid**
Hyperalimentation, parenteral; *see* **Parenteral hyperalimentation**
Hyperemia
Reactive hyperemia in patients with septic conditions (Hartl et al). 1988;103:440-4
Hyperhidrosis
Dorsal sympathectomy for hyperhidrosis—the posterior paravertebral approach (Golueke et al). 1988;103:568-72
Hyperlipoproteinemia
Special operative events in the first case of liver grafting after heart transplantation (Mora et al). 1988;103:264-7 (Brief clin. rep.)
Hyperparathyroidism
Glucose, fat, and protein kinetics in patients with primary and secondary hyperparathyroidism (Shaw et al). 1988;103:526-32
Primary hyperparathyroidism: its clinical pattern and results of surgical treatment in Hong Kong Chinese (Cheung et al). 1988;103:558-62
Hyperplasia
Intimal hyperplasia and thrombosis of the visceral arteries in a young woman: possible relation with oral contraceptives and smoking (Lamy et al). 1988;103:706-10 (Brief clin. rep.)
Hypersensitivity, delayed
The influence of long-term protein deprivation on in vivo phagocytic cell delivery to inflammatory lesions (Tchervenkov et al). 1988;103:463-9
Hypertension, portal
Ten years of selective shunts for hemorrhagic portal hypertension (Orozco et al). 1988;103:27-31
Hyperthermia
Correction of hypothermia by continuous pleural perfusion (Barr et al). 1988;103:553-7

I

Iliac artery, surgery
Aortoiliac reconstruction in obese patients (Friedman et al). 1988;103:311-4

Immune system
Preoperative lymphocyte subsets and infectious complications after colorectal cancer surgery (Tartter). 1988;103:226-30
Immunoglobulins
Spontaneous and polyclonal Ig secretion by circulating B cells after surgery (Di Padova et al). 1988;103:547-52
Indomethacin
Epidural bupivacaine and morphine plus systemic indomethacin eliminates pain but not systemic response and convalescence after cholecystectomy (Schulze et al). 1988;103:321-7
Infection, bacterial; *see* **Bacterial infections**
Inflammation
The influence of long-term protein deprivation on in vivo phagocytic cell delivery to inflammatory lesions (Tchervenkov et al). 1988;103:463-9
Inguinal hernia; *see* **Hernia, inguinal**
Intelligence
Improved prediction of success in surgical clerkship through measures of information processing (Reznick et al). 1988; 103:671-5
Intestinal absorption
Morphologic and nutritional responses to intestinal patching following intestinal resection (Thompson et al). 1988;103: 79-86
Intestinal diseases
Anomalies of extrahepatic biliary duct and gallbladder associated with intestinal malrotation: a case report (Korn et al). 1988; 103:496-8 (Brief clin. rep.)
Intestinal motility; *see* **Gastrointestinal motility**
Intestine, small, surgery
Morphologic and nutritional responses to intestinal patching following intestinal resection (Thompson et al). 1988;103: 79-86
Intracranial pressure
Head injury and hemorrhagic shock: studies of the blood brain barrier and intracranial pressure after resuscitation with normal saline solution, 3% saline solution, and dextran-40 (Gunnar et al). 1988;103:398-407
Intravagal paraganglioma; *see* **Paraganglioma**
Ischemia
Sequelae of limited amputation (Light et al). 1988;103:294-9
Transcutaneous oxygen measurements in lower extremity ischemia: effects of position, oxygen inhalation, and arterial reconstruction (Moosa et al). 1988;103:193-8
Island flaps; *see* **Surgical flaps**
Isograft; *see* **Transplantation, isogeneic**

J

Jaundice, obstructive; *see* **Cholestasis**

K

Keratin
Biologic attachment, growth, and differentiation of cultured human epidermal keratinocytes on a graftable collagen and chondroitin-6-sulfate substrate (Boyce and Hansbrough). 1988;103:421-31
Ketone bodies
The role of leucine in hepatic ketogenesis (Kulaylat et al). 1988; 103:351-60
Kidney, physiology
A randomized trial on the effect of mannitol on postoperative renal function in patients with obstructive jaundice (Gubern et al). 1988;103:39-44
Kidney, transplantation
Aseptic bone necrosis after renal transplantation (Patton and Pfaff). 1988;103:63-8
Effect of pharmacologic agents on the function of the hypothermically preserved dog kidney during normothermic reperfusion (Ploeg et al). 1988;103:676-83
A new microvascular model for noninvasive nuclear magnetic resonance spectroscopy of the transplanted kidney (Haug et al). 1988;103:305-10

L

Laparotomy
Surgical therapy of localized abdominal non-Hodgkin's lymphoma (Mentzer et al). 1988;103:609-14
Learning
Improved prediction of success in surgical clerkship through measures of information processing (Reznick et al). 1988; 103:671-5
Leg, physiopathology
Congenital venous valvular aplasia of the lower extremities (Friedman et al). 1988;103:24-6
Transcutaneous oxygen measurements in lower extremity ischemia: effects of position, oxygen inhalation, and arterial reconstruction (Moosa et al). 1988;103:193-8
Letters
Abdominal aneurysm (Samson). 1988;103:270
Astronomical costs (Mallegol) (Letter); (Peoples) (Reply). 1988; 103:270
Benefit of somatostatin in dumping syndrome (Tulassay et al). 1988;103:130-1
Blood glucose and cardiac resuscitation (Longstreth and Cobb) (Letter); (D'Alecy) (Reply). 1988;103:131-2
Extraperitoneal aortofemoral bypass (O'Mara). 1988;103: 132-3
Halsted's "deathbed statement" (Ravitch). 1988;103:132
Hypercholesterolemia (Das) (Letter); (Rapp et al) (Reply). 1988; 103:269-70
Ineffective intragastric bubbles (Sataloff et al). 1988;103:134
Investigating shunt occlusion (Alper et al). 1988;103:133-4
Nonoperative management of blunt abdominal trauma in children (Eyer) (Letter); (Oldham and Guice) (Reply). 1988; 103:717
Response to article by Finley et al. (Marrero) (Letter); (Finley) (Reply). 1988;103:388
A second opinion about thyroid hormone treatment (Crile). 1988;103:268-9
Leucine
The role of leucine in hepatic ketogenesis (Kulaylat et al). 1988;103:351-60
Ligaments, groin
Cooper's ligament repair: a 25-year experience with a single technique for all groin hernias in adults (Rutledge). 1988;103:1-10 (Clin. rev.)
Liver, surgery; *see also* **Liver, transplantation**
Anatomic resection of liver segments V and VI (Mies and Raia). 1988;103:374-5 (Surg. tech.)
Resection of the liver for colorectal carcinoma metastases: a multi-institutional study of indications for resection (Registry of Hepatic Metastases). 1988;103:278-88
Liver, transplantation
Orthotopic liver transplantation for massive hepatic lymphangiomatosis (Miller et al). 1988;103:490-5 (Brief clin. rep.)
Special operative events in the first case of liver grafting after heart transplantation (Mora et al). 1988;103:264-7 (Brief clin. rep.)
Lower extremity, physiopathology; *see* **Leg, physiopathology**
Lumbosacral region, abnormalities
Lumbar artery aneurysm with acute aortic occlusion resulting from chiropractic manipulation: a case report (Kornberg). 1988;103:122-4 (Brief clin. rep.)
Lymphangioma
Orthotopic liver transplantation for massive hepatic lymphangiomatosis (Miller et al). 1988;103:490-5 (Brief clin. rep.)
Lymphedema
Congenital venous valvular aplasia of the lower extremities (Friedman et al). 1988;103:24-6
Lymphocytes
Histamine type-2 receptor antagonist immune modulation. I. Increased cell-mediated cytotoxicity in normal and in down-regulated systems (Gifford et al). 1988;103:184-92
Preoperative lymphocyte subsets and infectious complications after colorectal cancer surgery (Tartter). 1988;103:226-30
Spontaneous and polyclonal Ig secretion by circulating B cells after surgery (Di Padova et al). 1988;103:547-52
Lymphoma
Impact of endoscopic ultrasonography on diagnosis and treatment of primary gastric lymphoma (Caletti et al). 1988;103: 315-20
Surgical therapy of localized abdominal non-Hodgkin's lymphoma (Mentzer et al). 1988;103:609-14
Lymphosarcoma; *see* **Lymphoma, non-Hodgkin's**

M

Magnetic resonance imaging
Assessment of resectability of esophageal cancer by computed tomography and magnetic resonance imaging (Lehr et al). 1988;103:344-50
Magnetic resonance spectroscopy; *see* **Nuclear magnetic resonance**
Mannitol
A randomized trial on the effect of mannitol on postoperative renal function in patients with obstructive jaundice (Gubern et al). 1988;103:39-44
MEN II; *see* **Neoplasms, multiple endocrine**
Menarche
Hematometra-hematocolpos: a late complication of successful separation of conjoined twins (Beller et al). 1988;103:704-5 (Brief clin. rep.)
Metabolism
Glucose, fat, and protein kinetics in patients with primary and secondary hyperparathyroidism (Shaw et al). 1988;103:526-32
Metabolic intervention in surgical patients: the effect of α- or β-blockade on glucose and protein metabolism in surgical patients receiving total parenteral nutrition (Shaw et al). 1988;103:520-5
Metastasis; *see* **Neoplasm metastasis**
Microcirculation
Reactive hyperemia in patients with septic conditions (Hartl et al). 1988;103:440-4
MNNG; *see* **Nitrosoguanidines**
Mondor's disease
Mondor's disease associated with breast cancer (Chiedozi and Aghahowa). 1988;103:438-9
Morphine
Epidural bupivacaine and morphine plus systemic indomethacin eliminates pain but not systemic response and convalescence after cholecystectomy (Schulze et al). 1988;103:321-7
Site of action of morphine sulfate and motilin in the induction of "premature" Phase III-like activity in the canine gastrointestinal tract (Sarr and Duenes). 1988;103:653-61
Motilin
Effects of SMS 201-995, a somatostatin analogue, on the exocrine pancreatic secretion and gut hormone release in dogs (Misumi et al). 1988;103:450-5
Site of action of morphine sulfate and motilin in the induction of "premature" Phase III-like activity in the canine gastrointestinal tract (Sarr and Duenes). 1988;103:653-61
MR tomography; *see* **Magnetic resonance imaging**
Mumps
Spontaneous splenic rupture in an adult with mumps: a case report (Massad et al). 1988;103:381-2 (Brief clin. rep.)
Mycoplasma infections
Mycoplasma hominis surgical wound infection: a case report and discussion (Wilson and Dietze). 1988;103:257-60 (Brief clin. rep.)
Myelolipoma
Myelolipoma and endocrine dysfunction (Oliva et al). 1988;103:711-5 (Brief clin. rep.)
Myocardial infarction
Assessment by dipyridamole-thallium-201 myocardial scintigraphy of coronary risk before peripheral vascular surgery (Sachs et al). 1988;103:584-7
Nitroglycerine-induced volume loading (Bunt et al). 1988;103:513-9

N

Necrosis
Coumarin: friend and foe (Greenfield). 1988;103:386-7 (Editorial)
Coumarin necrosis—a review of the literature (Cole et al). 1988;103:271-7
Necrosis, aseptic, of bone; *see* **Osteonecrosis**
Neointimal hyperplasia
Transposition angioplasty: a technique for the correction of proximal anastomotic neointimal hyperplasia in femoral distal bypasses (Andros et al). 1988;103:698-700 (Surg. tech.)
Neoplasm metastasis
Resection of the liver for colorectal carcinoma metastases: a multi-institutional study of indications for resection (Registry of Hepatic Metastases). 1988;103:278-88
Neoplasms, connective tissue
Bilateral elastofibroma dorsi (Bennett et al). 1988;103:605-7 (Brief clin. rep.)
Neoplasms, multiple endocrine
Early diagnosis of and surgical strategy for adrenal medullary disease in MEN II gene carriers (Jansson et al). 1988;103:11-8
Neurofibroma
Gastrointestinal neurofibroma in a patient with von Recklinghausen's disease (Cosgrove and Fischer). 1988;103:701-3 (Brief clin. rep.)
NHL; *see* **Lymphoma, non-Hodgkin's**
Nitrogen, physiology
Calorie-nitrogen interactions in the parenterally fed primate (Dempsey et al). 1988;103:94-8
Nitroglycerin; *see* **Glyceryl trinitrate**
Nitrosoguanidines
Promotion of gastric tumorigenesis by duodenal contents in rats induced with *N*-methyl-*N*[pr]-nitro-*N*-nitrosoguanidine (MNNG) (Lehnert et al). 1988;103:643-7
Non-Hodgkin's lymphoma; *see* **Lymphoma, non-Hodgkin's**
Nuclear magnetic resonance
A new microvascular model for noninvasive nuclear magnetic resonance spectroscopy of the transplanted kidney (Haug et al). 1988;103:305-10
Nutrition
Calorie-nitrogen interactions in the parenterally fed primate (Dempsey et al). 1988;103:94-8
The influence of long-term protein deprivation on in vivo phagocytic cell delivery to inflammatory lesions (Tchervenkov et al). 1988;103:463-9
Morphologic and nutritional responses to intestinal patching following intestinal resection (Thompson et al). 1988;103:79-86

O

Obesity
Aortoiliac reconstruction in obese patients (Friedman et al). 1988;103:311-4
Leaks occurring after gastric bariatric operations (Buckwalter and Herbst). 1988;103:156-60
Oleic acids
Hemodynamic and pathologic effects of prostacyclin on oleic acid-induced pulmonary injury (Devitt et al). 1988;103:213-20
Oral contraceptives; *see* **Contraceptives, oral**
Orchiectomy
Morphologic effects of orchiopexy or orchiectomy on the contralateral testis in experimental unilateral cryptorchidism (Salman et al). 1988;103:573-8
Osteonecrosis
Aseptic bone necrosis after renal transplantation (Patton and Pfaff). 1988;103:63-8
Oxygen
Transcutaneous oxygen measurements in lower extremity ischemia: effects of position, oxygen inhalation, and arterial reconstruction (Moosa et al). 1988;103:193-8

P

Palliative treatment
The role of U tube palliative treatment in high bile duct carcinoma (Terblanche et al). 1988;103:624-32
Pancreatic ducts, abnormalities
Histiopathologic studies of congenital dilatation of the bile duct as related to an anomalous junction of the pancreaticobiliary ductal system: clinical and experimental studies (Oguchi et al). 1988;103:168-73
Role of pancreatic duct occlusion with prolamine (Ethibloc) in necrotizing pancreatitis (Cavuoti et al). 1988;103:361-6
Pancreatic juice
Effects of SMS 201-995, a somatostatin analogue, on the exocrine pancreatic secretion and gut hormone release in dogs (Misumi et al). 1988;103:450-5

Penetration of clindamycin, cefoxitin, and piperacillin into pancreatic juice in man (Brattström et al). 1988;103:563-7
Pancreatic polypeptide
The effect of truncal vagotomy on the response of the canine lower esophageal sphincter to varying doses of pancreatic polypeptide (Coltharp et al). 1988;103:620-3
Effects of SMS 201-995, a somatostatin analogue, on the exocrine pancreatic secretion and gut hormone release in dogs (Misumi et al). 1988;103:450-5
Pancreatitis
Complications in cardiac transplant patients requiring general surgery (Colon et al). 1988;103:32-8
Gentamicin dosing requirements in patients with acute pancreatitis (Carr et al). 1988;103:533-7
Hemodynamic function in acute pancreatitis (Horton and Burnweit). 1988;103:538-46
Role of pancreatic duct occlusion with prolamine (Ethibloc) in necrotizing pancreatitis (Cavuoti et al). 1988;103:361-6
Pancreatoduodenectomy
Pancreatoduodenectomy for periampullary cancer associated with celiac occlusion: a case report (Miyata et al). 1988;103:261-3 (Brief clin. rep.)
Paraganglioma
Intravagal paraganglioma: report of a case and a discussion of vascular parapharyngeal masses (Gill et al). 1988;103:432-7
Parametritis
Pelvic cellulitis: a life-threatening complication of hemorrhoidal banding (Scarpa et al). 1988;103:383-5 (Brief clin. rep.)
Parapharyngeal masses
Intravagal paraganglioma: report of a case and a discussion of vascular parapharyngeal masses (Gill et al). 1988;103:432-7
Parathyroid gland, surgery
Thyroid and parathyroid surgery performed with patient under regional anesthesia (Saxe et al). 1988;103:415-20
Parenteral hyperalimentation
Calorie-nitrogen interactions in the parenterally fed primate (Dempsey et al). 1988;103:94-8
In situ bacteriologic diagnosis of total parenteral nutrition catheter infection (Vanhuynegem et al). 1988;103:174-7
Metabolic intervention in surgical patients: the effect of α- or β-blockade on glucose and protein metabolism in surgical patients receiving total parenteral nutrition (Shaw et al). 1988;103:520-5
Preoperative total parenteral nutrition (TPN) in severe Crohn's disease (Gouma et al). 1988;103:648-52
Total parenteral nutrition as an adjuvant to patients undergoing chemotherapy for testicular carcinoma: protection of body composition—a randomized, prospective study (Drott et al). 1988;103:499-506
Whole-body protein kinetics in patients with early and advanced gastrointestinal cancer: the response to glucose infusion and total parenteral nutrition (Shaw and Wolfe). 1988;103:148-55
Pelvic cellulitis; *see* Parametritis
Pelvic neoplasms
Management of the surgically traumatized, irradiated, and infected pelvis (Edington et al). 1988;103:690-7 (Surg. tech.)
Percutaneous biliary tract drainage
The occurrence of cholangitis after percutaneous biliary drainage: evaluation of some risk factors (Audisio et al). 1988;103:507-12
Perfusion
Correction of hypothermia by continuous pleural perfusion (Barr et al). 1988;103:553-7
Effect of pharmacologic agents on the function of the hypothermically preserved dog kidney during normothermic reperfusion (Ploeg et al). 1988;103:676-83
Fluorescence assessment of skin perfusion after oral fluorescein (Silverman et al). 1988;103:221-5
Periampullary cancer; *see* Bile duct neoplasms
Phagocytes
The influence of long-term protein deprivation on in vivo phagocytic cell delivery to inflammatory lesions (Tchervenkov et al). 1988;103:463-9
Pharmacotherapy; *see* Drug therapy
Pheochromocytoma
Early diagnosis of and surgical strategy for adrenal medullary disease in MEN II gene carriers (Jansson et al). 1988;103:11-8
Pheochromocytoma, cont'd.
Malignant recurrent pheochromocytoma during pregnancy: case report and review of the literature (Ellison et al). 1988;103:484-9 (Brief clin. rep.)
Piperacillin
Penetration of clindamycin, cefoxitin, and piperacillin into pancreatic juice in man (Brattström et al). 1988;103:563-7
Pleural perfusion; *see* Perfusion
Polytetrafluoroethylene
Seeding of ePTFE carotid interposition grafts in sheep and dogs: species-dependent results (Ortenwall et al). 1988;103:199-205
Skin-flap coverage of polytetrafluoroethylene vascular access graft exposed by previous infection (Tellis et al). 1988;103:118-21 (Surg. tech.)
Portal hypertension; *see* Hypertension, portal
Portasystemic shunt, surgical
Ten years of selective shunts for hemorrhagic portal hypertension (Orozco et al). 1988;103:27-31
Postoperative complications
Aseptic bone necrosis after renal transplantation (Patton and Pfaff). 1988;103:63-8
Complications in cardiac transplant patients requiring general surgery (Colon et al). 1988;103:32-8
Hematometra-hematocolpos: a late complication of successful separation of conjoined twins (Beller et al). 1988;103:704-5 (Brief clin. rep.)
Heparin-induced thrombocytopenia and thromboembolism in the postoperative period (Rizzoni et al). 1988;103:470-6
Management of the surgically traumatized, irradiated, and infected pelvis (Edington et al). 1988;103:690-7 (Surg. tech.)
Mycoplasma hominis surgical wound infection: a case report and discussion (Wilson and Dietze). 1988;103:257-60 (Brief clin. rep.)
Preoperative lymphocyte subsets and infectious complications after colorectal cancer surgery (Tartter). 1988;103:226-30
Postoperative wound infection; *see* Surgical wound infection
Predictive value of tests
Improved prediction of success in surgical clerkship through measures of information processing (Reznick et al). 1988;103:671-5
Pregnancy complications, neoplastic
Adenocarcinoma in a choledochal cyst during pregnancy: a case report and guidelines for management (Binstock et al). 1988;103:588-92
Malignant recurrent pheochromocytoma during pregnancy: case report and review of the literature (Ellison et al). 1988;103:484-9 (Brief clin. rep.)
Prolamine
Role of pancreatic duct occlusion with prolamine (Ethibloc) in necrotizing pancreatitis (Cavuoti et al). 1988;103:361-6
Prostacyclins; *see* Prostaglandins
Prostaglandins
Hemodynamic and pathologic effects of prostacyclin on oleic acid–induced pulmonary injury (Devitt et al). 1988;103:213-20
The prostaglandin response to cholesterol feeding by the rabbit gallbladder in vitro (England et al). 1988;103:69-73
Prosthetic vascular grafts; *see* Blood vessel prosthesis
Proteins
The effect of truncal vagotomy on the response of the canine lower esophageal sphincter to varying doses of pancreatic polypeptide (Coltharp et al). 1988;103:620-3
Glucose, fat, and protein kinetics in patients with primary and secondary hyperparathyroidism (Shaw et al). 1988;103:526-32
The influence of long-term protein deprivation on in vivo phagocytic cell delivery to inflammatory lesions (Tchervenkov et al). 1988;103:463-9
Metabolic intervention in surgical patients: the effect of α- or β-blockade on glucose and protein metabolism in surgical patients receiving total parenteral nutrition (Shaw et al). 1988;103:520-5
Whole-body protein kinetics in patients with early and advanced gastrointestinal cancer: the response to glucose infusion and total parenteral nutrition (Shaw and Wolfe). 1988;103:148-55
Puncture biopsy; *see* Biopsy, needle

Pyloric antrum, transplantation
The effect of chronic acidification of the canine duodenum on gastrin release from the antrum transplanted into the colon (Parekh et al). 1988;103:597-602

R

Radiation
Long-term results and complications of preoperative radiation in the treatment of rectal cancer (Reed et al). 1988;103: 161-7
Management of the surgically traumatized, irradiated, and infected pelvis (Edington et al). 1988;103:690-7 (Surg. tech.)
Radionuclide imaging
Assessment by dipyridamole-thallium-201 myocardial scintigraphy of coronary risk before peripheral vascular surgery (Sachs et al). 1988;103:584-7
Radiotherapy
Surgical approaches and techniques in intraoperative radiotherapy for intra-abdominal, retroperitoneal, and pelvic neoplasms (Sindelar et al). 1988;103:247-56 (Surg. tech.)
Rectal neoplasms
Long-term results and complications of preoperative radiation in the treatment of rectal cancer (Reed et al). 1988;103: 161-7
Preoperative lymphocyte subsets and infectious complications after colorectal cancer surgery (Tartter). 1988;103:226-30
Resection of the liver for colorectal carcinoma metastases: a multi-institutional study of indications for resection (Registry of Hepatic Metastases). 1988;103:278-88
Regeneration
Smooth muscle cell seeding in biodegradable grafts in rats: a new method to enhance the process of arterial wall regeneration (Yue et al). 1988;103:206-12
Regional anesthesia; *see* **Anesthesia, conduction**
Reperfusion; *see* **Perfusion**
Respiratory distress syndrome, adult
Hemodynamic and pathologic effects of prostacyclin on oleic acid-induced pulmonary injury (Devitt et al). 1988;103: 213-20
Respiratory insufficiency
Goiter with severe respiratory compromise: evaluation and treatment (Mellière et al). 1988;103:367-73
Resuscitation
Comparison of peripheral and central infusions of 7.5% NaCl/6% dextran 70 (Hands et al). 1988;103:684-9
Head injury and hemorrhagic shock: studies of the blood brain barrier and intracranial pressure after resuscitation with normal saline solution, 3% saline solution, and dextran-40 (Gunnar et al). 1988;103:398-407
Retroperitoneal neoplasms
Surgical approaches and techniques in intraoperative radiotherapy for intra-abdominal, retroperitoneal, and pelvic neoplasms (Sindelar et al). 1988;103:247-56 (Surg. tech.)
Rib resection
Spontaneous subclavian vein thrombosis: a successful combined approach of local thrombolytic therapy followed by first-rib resection (Rauwerda et al). 1988;103:477-80

S

Saline; *see* **Sodium chloride**
Sandostatin
Effects of SMS 201-995, a somatostatin analogue, on the exocrine pancreatic secretion and gut hormone release in dogs (Misumi et al). 1988;103:450-5
Saphenous vein, surgery
Selective stripping operation based on Doppler ultrasonic findings for primary varicose veins of the lower extremities (Koyan and Sakaguchi). 1988;103:615-9
Scanning, radioisotope; *see* **Radionuclide imaging**
Scintigraphy; *see* **Radionuclide imaging**
Secretin
Effects of SMS 201-995, a somatostatin analogue, on the exocrine pancreatic secretion and gut hormone release in dogs (Misumi et al). 1988;103:450-5
Sepsis; *see* **Infection**
Shock, hemorrhagic
Comparison of peripheral and central infusions of 7.5% NaCl/6% dextran 70 (Hands et al). 1988;103:684-9
Shock, hemorrhagic, cont'd.
Head injury and hemorrhagic shock: studies of the blood brain barrier and intracranial pressure after resuscitation with normal saline solution, 3% saline solution, and dextran-40 (Gunnar et al). 1988;103:398-407
Short bowel syndrome
Morphologic and nutritional responses to intestinal patching following intestinal resection (Thompson et al). 1988;103: 79-86
Skin, drug effects
Coumarin: friend and foe (Greenfield). 1988;103:386-7 (Editorial)
Coumarin necrosis—a review of the literature (Cole et al). 1988; 103:271-7
Smoking
Intimal hyperplasia and thrombosis of the visceral arteries in a young woman: possible relation with oral contraceptives and smoking (Lamy et al). 1988;103:706-10 (Brief clin. rep.)
SMS 201-995; *see* **Somatostatin**
Sodium chloride
Comparison of peripheral and central infusions of 7.5% NaCl/6% dextran 70 (Hands et al). 1988;103:684-9
Head injury and hemorrhagic shock: studies of the blood brain barrier and intracranial pressure after resuscitation with normal saline solution, 3% saline solution, and dextran-40 (Gunnar et al). 1988;103:398-407
Somatostatin
Effects of SMS 201-995, a somatostatin analogue, on the exocrine pancreatic secretion and gut hormone release in dogs (Misumi et al). 1988;103:450-5
Space medicine; *see* **Aerospace medicine**
Spectroscopy, magnetic resonance; *see* **Nuclear magnetic resonance**
Stomach; *see also* **Stomach neoplasms**
Gastroduodenal mucosal defense: factors responsible for the ability of the stomach and duodenum to resist injury (Miller). 1988;103:389-97 (Clin. rev.)
Stomach neoplasms
Impact of endoscopic ultrasonography on diagnosis and treatment of primary gastric lymphoma (Caletti et al). 1988;103: 315-20
Promotion of gastric tumorigenesis by duodenal contents in rats induced with *N*-methyl-*N*[pr]-nitro-*N*-nitrosoguanidine (MNNG) (Lehnert et al). 1988;103:643-7
Streptococcus faecalis
Effect of *Streptococcus faecalis* on the growth of *Bacteroides* species and anaerobic cocci in mixed infection (Brook). 1988;103: 107-10
Streptokinase
Spontaneous subclavian vein thrombosis: a successful combined approach of local thrombolytic therapy followed by first-rib resection (Rauwerda et al). 1988;103:477-80
Subclavian vein, abnormalities
Spontaneous subclavian vein thrombosis: a successful combined approach of local thrombolytic therapy followed by first-rib resection (Rauwerda et al). 1988;103:477-80
Surgery, history
John Syng Dorsey (1783-1818) (Rutkow). 1988;103:45-55
Surgical anastomosis; *see* **Anastomosis, surgical**
Surgical clerkship
Improved prediction of success in surgical clerkship through measures of information processing (Reznick et al). 1988; 103:671-5
Surgical flaps
Skin-flap coverage of polytetrafluoroethylene vascular access graft exposed by previous infection (Tellis et al). 1988;103:118-21 (Surg. tech.)
Surgical technique
Surgical technique. 1988;103:118-21; 247-56; 374-5; 690-700
Surgical wound infection
Mycoplasma hominis surgical wound infection: a case report and discussion (Wilson and Dietze). 1988;103:257-60 (Brief clin. rep.)
Sweating
Dorsal sympathectomy for hyperhidrosis—the posterior paravertebral approach (Golueke et al). 1988;103:568-72

Sympathectomy
Dorsal sympathectomy for hyperhidrosis—the posterior paravertebral approach (Golueke et al). 1988;103:568-72

T

T lymphocytes
Histamine type-2 receptor antagonist immune modulation. I. Increased cell-mediated cytotoxicity in normal and in down-regulated systems (Gifford et al). 1988;103:184-92
Preoperative lymphocyte subsets and infectious complications after colorectal cancer surgery (Tartter). 1988;103:226-30
Teflon; *see* **Polytetrafluoroethylene**
Testicular neoplasms
Total parenteral nutrition as an adjuvant to patients undergoing chemotherapy for testicular carcinoma: protection of body composition—a randomized, prospective study (Drott et al). 1988;103:499-506
Testis, surgery
Morphologic effects of orchiopexy or orchiectomy on the contralateral testis in experimental unilateral cryptorchidism (Salman et al). 1988;103:573-8
Thallium radioisotopes
Assessment by dipyridamole-thallium-201 myocardial scintigraphy of coronary risk before peripheral vascular surgery (Sachs et al). 1988;103:584-7
Thrombocytopenia
Heparin-induced thrombocytopenia and thromboembolism in the postoperative period (Rizzoni et al). 1988;103:470-6
Thromboembolism
Heparin-induced thrombocytopenia and thromboembolism in the postoperative period (Rizzoni et al). 1988;103:470-6
Late results after femoral artery embolectomy (Johnson et al). 1988;103:289-93
Thrombosis
Intimal hyperplasia and thrombosis of the visceral arteries in a young woman: possible relation with oral contraceptives and smoking (Lamy et al). 13:706-10 (Brief clin. rep.)
Mondor's disease associated with breast cancer (Chiedozi and Aghahowa). 1988;103:438-9
Spontaneous subclavian vein thrombosis: a successful combined approach of local thrombolytic therapy followed by first-rib resection (Rauwerda et al). 1988;103:477-80
Thymus-dependent lymphocytes; *see* **T lymphocytes**
Thyroid gland
Diagnosis and treatment of cystic disease of the thyroid by aspiration (Sarda et al). 1988;103:593-6
Goiter with severe respiratory compromise: evaluation and treatment (Mellière et al). 1988;103:367-73
Thyroid and parathyroid surgery performed with patient under regional anesthesia (Saxe et al). 1988;103:415-20
Toes, surgery
Sequelae of limited amputation (Light et al). 1988;103:294-9
Tomography, computed
Assessment of resectability of esophageal cancer by computed tomography and magnetic resonance imaging (Lehr et al). 1988;103:344-50
Computed tomography in the evaluation of the patient with symptomatic abdominal aortic aneurysm (Zarnke et al). 1988; 103:638-42
Tomography, ultrasonic; *see* **Ultrasonic diagnosis**
Total parenteral nutrition; *see* **Parenteral hyperalimentation**
Transcutaneous blood gas monitoring; *see* **Blood gas monitoring, transcutaneous**
Transplantation, homologous
Special operative events in the first case of liver grafting after heart transplantation (Mora et al). 1988;103:264-7 (Brief clin. rep.)
Transposition angioplasty; *see* **Angioplasty, transposition**
Transposition angioplasty: a technique for the correction of proximal anastomotic neointimal hyperplasia in femoral distal bypasses (Andros et al). 1988;103:698-700 (Surg. tech.)
Twins, conjoined
Hematometra-hematocolpos: a late complication of successful separation of conjoined twins (Beller et al). 1988;103:704-5 (Brief clin. rep.)

U

Ultrasonic diagnosis
Impact of endoscopic ultrasonography on diagnosis and treatment of primary gastric lymphoma (Caletti et al). 1988;103:315-20
Selective stripping operation based on Doppler ultrasonic findings for primary varicose veins of the lower extremities (Koyan and Sakaguchi). 1988;103:615-9
Ultrasonics
The effect of contralateral disease on carotid Doppler frequency (Hayes et al). 1988;103:19-23
Undescended testis; *see* **Cryptorchism**
Ureteral obstruction
Incidence of ureteral obstruction after aortic grafting: a prospective analysis (Egeblad et al). 1988;103:411-4

V

Vagal body tumor; *see* **Paraganglioma**
Vagotomy
The effect of truncal vagotomy on the response of the canine lower esophageal sphincter to varying doses of pancreatic polypeptide (Coltharp et al). 1986;103:620-3
Varicose veins
Selective stripping operation based on Doppler ultrasonic findings for primary varicose veins of the lower extremities (Koyan and Sakaguchi). 1988;103:615-9
Vascular endothelium; *see* **Endothelium, vascular**
Vascular grafts; *see* **Blood vessel prosthesis**
Vascular surgery
Aortoiliac reconstruction in obese patients (Friedman et al). 1988;103:311-4
Assessment by dipyridamole-thallium-201 myocardial scintigraphy of coronary risk before peripheral vascular surgery (Sachs et al). 1988;103:584-7
Experience with fully bioresorbable aortic grafts in the dog (Galletti et al). 1988;103:231-41
Incidence of ureteral obstruction after aortic grafting: a prospective analysis (Egeblad et al). 1988;103:411-4
Late results after femoral artery embolectomy (Johnson et al). 1988;103:289-93
Seeding of ePTFE carotid interposition grafts in sheep and dogs: species-dependent results (Ortenwall et al). 1988;103:199-205
Smooth muscle cell seeding in biodegradable grafts in rats: a new method to enhance the process of arterial wall regeneration (Yue et al). 1988;103:206-12
Veins, pathology
Congenital venous valvular aplasia of the lower extremities (Friedman et al). 1988;103:24-6
Vena cava, inferior
Interruption of the vena cava by means of the Greenfield filter: expanding the indications (Golueke et al). 1988;103:111-7
Venous insufficiency
Congenital venous valvular aplasia of the lower extremities (Friedman et al). 1988;103:24-6
Vicryl
Experience with fully bioresorbable aortic grafts in the dog (Galletti et al). 1988;103:231-41
Von Recklinghausen's disease
Gastrointestinal neurofibroma in a patient with von Recklinghausen's disease (Cosgrove and Fischer). 1988;103:701-3 (Brief clin. rep.)

W

Weightlessness
Surgery in space. Phase I: basic surgical principles in a simulated space environment (Satava). 1988;103:633-7
Wounds and injuries
Head injury and hemorrhagic shock: studies of the blood brain barrier and intracranial pressure after resuscitation with normal saline solution, 3% saline solution, and dextran-40 (Gunnar et al). 1988;103:398-407
